ASMITA

Notice templates for legal review

Indian law: IT Act 2000, IT Rules 2021 (as amended to 10 February 2026), MeitY NCII SOP (October 2025), BNS 2023, BNSS 2023

Draft of 8 November 2026

AI-ASSISTED DRAFT: REQUIRES REVIEW BY AN ADVOCATE BEFORE ANY USE

These are starting points, not final notices. Nothing here may be sent until an advocate enrolled with a Bar Council reviews each template and Asmita records that review (reviewedByLegal) in production. Every item highlighted VERIFY must be resolved first.

What is in this pack

- Template 1: Complaint under Rule 3(2)(b), IT Rules 2021 (IT_RULES_2021)
- Template 2: TAKE IT DOWN Act and DMCA notice (United States) (DMCA)
- Template 3: Joint complaint, India and United States (IT_RULES_AND_DMCA)
- Template 4: Request for proactive blocking by perceptual hash (HASH_ADVISORY)
- Template 5: 24-hour follow-up to the platform (covering letter) (ESCALATION_L1)
- Template 6: Survivor's written complaint to the police (FIR_PACKAGE)

How to read the highlighting

- Grey, in square brackets: a value the app fills in when it sends the notice, or a blank the survivor completes.
- Yellow VERIFY tag: the citation was checked against an official source but is not in Asmita's approved sources (PRD Section 4 and the MeitY SOP). The reviewer confirms it or strikes it. In the app the same tag reads CITATION REQUIRED.
- The red DRAFT line appears in every template and is removed only after review.

Reviewer note

Sources: IT Rules 2021, MeitY consolidation "updated as on 10.02.2026" (meity.gov.in), MeitY FAQ on the 2026 amendment, MeitY NCII SOP v.1 (October 2025), IT Act 2000 (India Code), BNS 2023 and BNSS 2023 (Gazette); checked on 8 November 2026 by two independent AI passes against those sources *[regulator site, checked 2026-11-08]*. Research connectors: the Descrybe connector in the legal-clinic plugin covers United States law only and was not used for Indian authority. No Indian case-law database was connected; the case cited (Puttaswamy) is from model knowledge and is tagged.

Every correction, the citation register and twelve open decisions are in docs/legal/notice-redraft-2026-11.md.

To: The Grievance Officer / Resident Grievance Officer, [Platform name]

Subject: Complaint under Rule 3(2)(b) of the IT Rules, 2021 for removal of non-consensual intimate imagery within two hours - [Case reference]

Madam / Sir,

This complaint is issued by ASMITA (meriasmita.org), a public-interest service that helps adult survivors in India serve complaints about non-consensual intimate imagery (NCII). Asmita acts on behalf of the Complainant under a signed digital declaration she executed, which Asmita retains in encrypted storage and will make available for inspection by the Noticee's Grievance Officer on a verified written request.

1. PARTIES

1.1 ISSUING PARTY: Asmita (meriasmita.org), acting on behalf of the Complainant.

1.2 COMPLAINANT: The Complainant has declared that she is an adult and has verified her email address with Asmita. She is not named in this complaint, to limit her further exposure, consistent with the Digital Personal Data Protection Act, 2023. Asmita will pass any written request from the Noticee's Grievance Officer for further information to the Complainant, if it is addressed to Notice@meriasmita.org and quotes the case reference below.

1.3 NOTICEE: [Platform name], an intermediary within the meaning of section 2(1)(w) of the Information Technology Act, 2000 [VERIFY: citation required, confirm with legal advisor] ("the Noticee").

2. CASE REFERENCE AND CONTENT

Asmita Case Reference: [Case reference]

Complainant Declaration Reference: [Declaration reference]

Reported content URL: [Reported URL]

The reported location above identifies where the content is. Asmita has not retrieved, viewed, downloaded, stored, or processed the intimate content itself.

3. THE COMPLAINT

The Complainant states, upon a signed digital declaration executed voluntarily and without duress, that the content accessible at the reported location identified above:

(a) shows or depicts the Complainant, and exposes her private area, shows her in full or partial nudity, or shows or depicts her in a sexual act or conduct; or is in the nature of impersonation of her in electronic form, including an artificially morphed image of her;

(b) was captured, created, or obtained without her free and informed consent, or, if captured with her consent, is being published or transmitted without her consent; and

(c) is being hosted, published, or transmitted on the Noticee's service without her consent, invading her privacy, including her bodily privacy.

This complaint is made by Asmita as a person acting on the Complainant's behalf, as Rule 3(2)(b) permits ("an individual or any person on his behalf").

4. LEGAL BASIS

PRIMARY OBLIGATION - REMOVAL WITHIN TWO HOURS (RULE 3(2)(b)):

Rule 3(2)(b) of the Information Technology (Intermediary Guidelines and Digital Media Ethics Code) Rules, 2021 ("the IT Rules") requires an intermediary, on a complaint made by an individual or any person on her behalf in relation to content which is prima facie in the nature of material that exposes the private area of that individual, shows her in full or partial nudity, shows or depicts her in any sexual act or conduct, or is in the nature of impersonation in electronic form including artificially morphed images of her, to take all reasonable and practicable measures to remove or disable access to that content within TWO (2) HOURS of receipt of the complaint. The two-hour period was substituted for twenty-four hours by the Information Technology (Intermediary Guidelines and Digital Media Ethics Code) Amendment Rules, 2026 (G.S.R. 120(E), dated 10 February 2026, in force from 20 February 2026) [VERIFY: citation required, confirm with legal advisor]. The obligation arises on receipt of the complaint and does not depend on a court order or a government direction.

This complaint also follows the MeitY Standard Operating Procedure on Non-Consensual Intimate Imagery, Version 1 (October 2025), issued pursuant to the order of the Hon'ble Madras High Court dated 15 July 2025 in W.P. No. 25017 of 2025. The SOP treats an individual's complaint under Rule 3(2)(b) as a distinct removal track and expressly covers artificially morphed images. The SOP was issued before the 2026 amendment and refers to twenty-four hours; by its own terms it does not alter the IT Rules, and the two-hour period in the amended Rule applies.

GRIEVANCE HANDLING (RULE 3(2)(a)(i)):

Rule 3(2)(a)(i) of the IT Rules requires the Grievance Officer to acknowledge a complaint within twenty-four (24) hours and to resolve it within seven (7) days [VERIFY: citation required, confirm with legal advisor]. The two-hour removal period under Rule 3(2)(b) applies within that framework and is not extended by it.

DUE DILIGENCE AND SAFE HARBOUR (SECTION 79, IT ACT 2000; RULE 7):

The exemption from liability under section 79(1) of the Information Technology Act, 2000 is available only where the intermediary observes due diligence under section 79(2)(c), which includes the IT Rules. Rule 7 of the IT Rules provides that where an intermediary fails to observe the Rules, section 79(1) shall not apply to it, and it shall be liable for punishment under any law for the time being in force [VERIFY: citation required, confirm with legal advisor]. Rule 3(1)(b)(ii) requires the Noticee to make reasonable efforts, by itself and through its users, not to host content that is "invasive of another's privacy including bodily privacy" [VERIFY: citation required, confirm with legal advisor], and Rule 3(1)(n) requires it to respect the rights guaranteed under the Constitution, including Article 21, under which the Supreme Court has recognised the right to privacy (Justice K.S. Puttaswamy (Retd.) v. Union of India, (2017) 10 SCC 1) [VERIFY: citation required, confirm with legal advisor].

OFFENCES THE CONTENT MAY DISCLOSE:

(a) Sections 67 and 67A, Information Technology Act, 2000: publishing or transmitting obscene material, and material containing sexually explicit acts or conduct, in electronic form; on first conviction, imprisonment up to three years and five years respectively, with fine.

(b) Where the content was captured rather than artificially created, section 66E, Information Technology Act, 2000: capturing, publishing, or transmitting the image of a private area of a person without consent, under circumstances violating privacy; imprisonment up to three years, or fine up to two lakh rupees, or both.

(c) Where the content was captured rather than artificially created and the Complainant is a woman, section 77, Bharatiya Nyaya Sanhita, 2023 (voyeurism): watching, capturing, or disseminating the image of a woman engaging in a private act; on first conviction, imprisonment of not less than one year which may extend to three years, with fine. Under Explanation 2, a woman's consent to the capture of an image is not consent to its dissemination.

(d) The Indecent Representation of Women (Prohibition) Act, 1986, which the MeitY NCII SOP names among the laws under which such content is unlawful.

5. DEMAND

The Complainant, through Asmita, calls upon the Noticee to:

(i) REMOVE or DISABLE ACCESS to the content identified at paragraph 2 within TWO (2) HOURS of receipt of this complaint, as Rule 3(2)(b) of the IT Rules requires;

(ii) ACKNOWLEDGE this complaint within TWENTY-FOUR (24) HOURS, by reply to Notice@meriasmita.org quoting the case reference at paragraph 2;

(iii) TAKE all reasonable steps to prevent the same or substantially similar content from being re-uploaded to the Noticee's service, including by hash matching. Where the Noticee is a significant social media intermediary, the MeitY NCII SOP asks it to deploy crawler and

hash technology for this purpose, which the SOP links to Rule 4(4) of the IT Rules, and to communicate the hashes to the Indian Cyber Crime Coordination Centre (I4C) through the Sahyog Portal where onboarded;

(iv) PRESERVE the content's records, upload logs, account information, and associated data, without vitiating the evidence, for at least one hundred and eighty (180) days for investigation purposes, consistent with Rule 3(1)(g) of the IT Rules [VERIFY: citation required, confirm with legal advisor];

(v) WHERE the Noticee operates a search engine, DE-INDEX the content from its search results, as the MeitY NCII SOP requires;

(vi) CONFIRM the action taken to Notice@meriasmita.org, quoting the case reference at paragraph 2.

6. IF THE NOTICEE DOES NOT ACT

If the content is not removed within the period Rule 3(2)(b) prescribes, the Noticee may be treated as having failed to observe the IT Rules, with the consequence under Rule 7 and section 79 described at paragraph 4. The Complainant may then, without further notice:

(a) appeal to the Grievance Appellate Committee under Rule 3A of the IT Rules, which is open to a person whose grievance is not resolved within the period specified in Rule 3(2)(b), or who is aggrieved by the Grievance Officer's decision, within thirty (30) days of receiving the Grievance Officer's communication [VERIFY: citation required, confirm with legal advisor], at www.gac.gov.in, as the MeitY NCII SOP sets out;

(b) report the content on the National Cybercrime Reporting Portal at cybercrime.gov.in, or by dialling the national cybercrime helpline 1930, as the MeitY NCII SOP sets out, and seek the assistance of a One Stop Centre; and

(c) pursue any criminal, civil, or regulatory remedy available to her under Indian law, including a complaint to the police in respect of the offences listed above.

7. RETURN ADDRESS

Please address all communications about this complaint to Asmita at Notice@meriasmita.org, quoting the case reference at paragraph 2.

8. DECLARATION

The Complainant has executed a digital declaration, voluntarily and without duress, affirming the facts set out in this complaint, confirming that it is made in good faith and to the best of her knowledge and belief, and authorising Asmita to issue it on her behalf.

This complaint is issued without prejudice to any other right or remedy available to the Complainant under Indian law.

Yours faithfully,

For and on behalf of the Complainant
Asmita (meriasmita.org)

Subject: Non-consensual intimate imagery removal under 15 U.S.C. Section 6851 (TAKE IT DOWN Act, 2025) and 17 U.S.C. Section 512(c)(3) (DMCA) - [Case reference]

Madam / Sir,

This Legal Notice is issued by ASMITA (meriasmita.org), a public-interest platform that facilitates the submission of statutory takedown notices for non-consensual intimate imagery (NCII) on behalf of adult residents of India. Asmita acts as the technical facilitating intermediary and authorised representative of the Complainant by virtue of a signed digital declaration executed by the Complainant, a copy of which is retained by Asmita in encrypted storage and is available for inspection by your Designated Agent upon a verified written request.

1. PARTIES

1.1 ISSUING PARTY: Asmita (meriasmita.org), acting as the authorised representative of the Complainant.

1.2 COMPLAINANT: The Complainant is a verified adult person who has executed a signed digital declaration affirming all material facts set out in this Notice. The Complainant's identity is withheld from this Notice for safety reasons and will be furnished to your Designated Agent upon a verified written request addressed to Notice@meriasmita.org, quoting the case reference at paragraph 2.

1.3 NOTICEE: [Platform name], the operator of the online service on which the content identified below is hosted (hereinafter "the Noticee").

2. CASE REFERENCE AND CONTENT

Asmita Case Reference: [Case reference]

Complainant Declaration Reference: [Declaration reference]

Reported content URL: [Reported URL]

The reported content URL above identifies the reported location. Asmita has not retrieved, viewed, downloaded, stored, or processed the intimate content itself.

3. PRIMARY BASIS: 15 U.S.C. Section 6851 - TAKE IT DOWN ACT (2025)

3.1 This Notice is a valid notification under the Tools to Address Known Exploitation by Immobilizing Technological Deepfakes on Websites and Networks Act of 2025 (the "TAKE IT DOWN Act"), codified at 15 U.S.C. Section 6851. This Act creates a mandatory obligation upon covered platforms to remove or disable access to identified non-consensual intimate visual depictions within FORTY-EIGHT (48) HOURS of receipt of a valid notification. This obligation applies regardless of whether the Complainant holds copyright ownership in the depicted work.

3.2 The Complainant states that:

(a) the content identified at paragraph 2 is a non-consensual intimate visual depiction of the Complainant within the meaning of 15 U.S.C. Section 6851(a)(3);

(b) the Complainant has not consented to the publication, transmission, hosting, or making available of such content on the Noticee's service; and

(c) the Complainant is the identifiable person depicted in the said content, or is the authorised representative of such person.

3.3 Under 15 U.S.C. Section 6851(b)(1), the Noticee is required to remove or disable access to the content identified at paragraph 2 within FORTY-EIGHT (48) HOURS of receipt of this notification.

4. SECONDARY BASIS: 17 U.S.C. Section 512(c)(3) - DIGITAL MILLENNIUM COPYRIGHT ACT

4.1 This Notice additionally constitutes a takedown notification under Section 512(c)(3) of the Digital Millennium Copyright Act ("DMCA"), 17 U.S.C. Section 512(c)(3), to the extent the Complainant retains copyright in the depicted work, and is issued without prejudice to the primary basis under the TAKE IT DOWN Act at paragraph 3 above.

4.2 The following six elements required under 17 U.S.C. Section 512(c)(3)(A) are satisfied:

ELEMENT 1 - ELECTRONIC SIGNATURE *[Section 512(c)(3)(A)(i)]*:

This Notice is submitted electronically by Asmita on behalf of the Complainant. The Complainant's signed digital declaration (reference: [Declaration reference]) constitutes her authorisation of Asmita to act as her representative for the purpose of this notification, and Asmita's submission of this Notice on her behalf serves as the authorised electronic signature.

ELEMENT 2 - IDENTIFICATION OF COPYRIGHTED WORK *[Section 512(c)(3)(A)(ii)]*:

The copyrighted work is the intimate image or video in which the Complainant appears, in which the Complainant holds copyright as the subject depicted and, where applicable, as the original author or in which moral rights vest.

ELEMENT 3 - IDENTIFICATION OF INFRINGING MATERIAL *[Section 512(c)(3)(A)(iii)]*:

The infringing material is identified at paragraph 2 above by way of the reported content URL. The Complainant has provided sufficient information to enable the Noticee's Designated Agent to locate the material on the Noticee's service.

ELEMENT 4 - CONTACT INFORMATION *[Section 512(c)(3)(A)(iv)]*:

The authorised representative through which the Complainant may be contacted is Asmita at Notice@meriasmita.org. The Complainant's personal contact details will be furnished to the Noticee's Designated Agent upon a verified written request.

ELEMENT 5 - GOOD-FAITH BELIEF *[Section 512(c)(3)(A)(v)]*:

The Complainant has a good-faith belief that the use of the content identified at paragraph 2 on the Noticee's service is not authorised by the copyright owner, its agent, or the law. In reaching this belief, the Complainant has considered, in good faith and as required under Lenz v. Universal Music Corp., 801 F.3d 1126 (9th Cir. 2015), whether the use of the material might constitute fair use within the meaning of 17 U.S.C. Section 107. The Complainant concludes that the non-consensual, intimate, and identifying nature of the material, and the absence of any transformative, commentary, educational, or other qualifying purpose, means that the fair-use doctrine does not apply to such use.

ELEMENT 6 - ACCURACY AND AUTHORITY *[Section 512(c)(3)(A)(vi)]*:

The information in this notification is accurate. Under penalty of perjury under the laws of the United States of America, the Complainant affirms that she is the owner of the right claimed or is authorised to act on behalf of the owner of an exclusive right that is allegedly infringed.

4.3 Section 512(f) NOTICE: Under 17 U.S.C. Section 512(f), any person who knowingly materially misrepresents that material or activity is infringing may be liable for any damages, including costs and attorneys' fees, incurred by the alleged infringer, by any copyright owner, or by the service provider. This Notice is filed in good faith on the basis of the Complainant's verified declaration and the Complainant's genuine belief that the material is unlawfully posted on the Noticee's service.

5. DEMAND

IN VIEW OF THE ABOVE, the Complainant, through Asmita as her authorised representative, CALLS UPON AND REQUIRES the Noticee to:

(i) REMOVE or DISABLE ACCESS to the content identified at paragraph 2 within FORTY-EIGHT (48) HOURS of receipt of this Notice, as required under 15 U.S.C. Section 6851(b)(1);

(ii) PREVENT RE-UPLOAD or re-publication of the same or substantially similar content on the Noticee's service following removal;

(iii) PRESERVE all account records, metadata, upload logs, IP address records, and any other data associated with the content identified at paragraph 2 for a period of not less than one hundred and eighty (180) days, for potential use in any investigation by competent authorities; and

(iv) CONFIRM the actions taken in compliance with this Notice to Asmita at Notice@meriasmita.org within FORTY-EIGHT (48) HOURS of such actions, quoting the Asmita case reference at paragraph 2.

6. CONSEQUENCES OF NON-COMPLIANCE

TAKE FURTHER NOTICE THAT:

6.1 Failure to comply with the obligation under 15 U.S.C. Section 6851(b)(1) within the 48-hour period may expose the Noticee to liability under the TAKE IT DOWN Act and applicable regulations.

6.2 Failure to act upon a valid DMCA notification may result in the Noticee losing the safe-harbour protection under 17 U.S.C. Section 512(c), exposing the Noticee to direct copyright infringement liability.

6.3 The Complainant, through Asmita, reserves the right to seek all available civil, criminal, and regulatory remedies including but not limited to claims for damages, injunctive relief, and regulatory complaints.

7. RETURN ADDRESS

ALL COMMUNICATIONS in response to this Notice must be addressed to Asmita at Notice@meriasmita.org, quoting the Asmita case reference at paragraph 2 above.

8. DECLARATION

The Complainant has executed a digital declaration voluntarily and without duress, affirming all material facts set out in this Notice, confirming this notice is made in good faith and to the best of her knowledge and belief, and authorising Asmita to issue this Notice on her behalf. The declaration is available for inspection by the Noticee's Designated Agent upon a verified written request.

This Notice is issued without prejudice to any other rights or remedies available to the Complainant.

Yours faithfully,

For and on behalf of the Complainant
Asmita (meriasmita.org)
Notice@meriasmita.org

[DRAFT - PENDING LEGAL REVIEW - DO NOT DISPATCH]

Authorities relied on

Subject: Joint complaint for removal of non-consensual intimate imagery - Rule 3(2)(b), IT Rules 2021 (India) and TAKE IT DOWN Act (United States) - [Case reference]

Madam / Sir,

This complaint is issued by ASMITA (meriasmita.org), a public-interest service that helps adult survivors in India serve complaints about non-consensual intimate imagery (NCII). Asmita acts on behalf of the Complainant under a signed digital declaration she executed, which Asmita retains in encrypted storage and will make available for inspection by the Noticee's Grievance Officer on a verified written request.

1. PURPOSE OF THIS JOINT COMPLAINT

This complaint is made under the laws of India and of the United States of America, so that the Noticee's grievance and trust-and-safety teams can act on it without the Complainant filing separate complaints. The Indian and United States bases are invoked concurrently and without prejudice to each other. Of the two, the Indian-law period for removal, two hours, is the shorter.

2. PARTIES

2.1 ISSUING PARTY: Asmita (meriasmita.org), acting on behalf of the Complainant.

2.2 COMPLAINANT: The Complainant has declared that she is an adult and has verified her email address with Asmita. She is not named in this complaint, to limit her further exposure, consistent with the Digital Personal Data Protection Act, 2023. Asmita will pass any written request from the Noticee's Grievance Officer for further information to the Complainant, if it is addressed to Notice@meriasmita.org and quotes the case reference below.

2.3 NOTICEE: [Platform name], an intermediary within the meaning of section 2(1)(w) of the Information Technology Act, 2000 (India) [VERIFY: citation required, confirm with legal advisor], and a covered platform and service provider for the purposes of the United States law cited below ("the Noticee").

3. CASE REFERENCE AND CONTENT

Asmita Case Reference: [Case reference]

Complainant Declaration Reference: [Declaration reference]

Reported content URL: [Reported URL]

The reported location above identifies where the content is. Asmita has not retrieved, viewed, downloaded, stored, or processed the intimate content itself.

4. THE COMPLAINT

The Complainant states, upon a signed digital declaration executed voluntarily and without duress, that the content accessible at the reported location identified above:

(a) shows or depicts the Complainant, and exposes her private area, shows her in full or partial nudity, or shows or depicts her in a sexual act or conduct; or is in the nature of impersonation of her in electronic form, including an artificially morphed image of her;

(b) was captured, created, or obtained without her free and informed consent, or, if captured with her consent, is being published or transmitted without her consent; and

(c) is being hosted, published, or transmitted on the Noticee's service without her consent, invading her privacy, including her bodily privacy.

This complaint is made by Asmita as a person acting on the Complainant's behalf, as Rule 3(2)(b) permits ("an individual or any person on his behalf").

5. BASIS UNDER INDIAN LAW

PRIMARY OBLIGATION - REMOVAL WITHIN TWO HOURS (RULE 3(2)(b)):

Rule 3(2)(b) of the Information Technology (Intermediary Guidelines and Digital Media Ethics Code) Rules, 2021 ("the IT Rules") requires an intermediary, on a complaint made by an individual or any person on her behalf in relation to content which is prima facie in the nature of material that exposes the private area of that individual, shows her in full or partial nudity, shows or depicts her in any sexual act or conduct, or is in the nature of impersonation in electronic form including artificially morphed images of her, to take all reasonable and practicable measures to remove or disable access to that content within TWO (2) HOURS of receipt of the complaint. The two-hour period was substituted for twenty-four hours by the Information Technology (Intermediary Guidelines and Digital Media Ethics Code) Amendment Rules, 2026 (G.S.R. 120(E), dated 10 February 2026, in force from 20 February 2026) [VERIFY: citation required, confirm with legal advisor]. The obligation arises on receipt of the complaint and does not depend on a court order or a government direction.

This complaint also follows the MeitY Standard Operating Procedure on Non-Consensual Intimate Imagery, Version 1 (October 2025), issued pursuant to the order of the Hon'ble Madras High Court dated 15 July 2025 in W.P. No. 25017 of 2025. The SOP treats an individual's complaint under Rule 3(2)(b) as a distinct removal track and expressly covers artificially morphed

images. The SOP was issued before the 2026 amendment and refers to twenty-four hours; by its own terms it does not alter the IT Rules, and the two-hour period in the amended Rule applies.

GRIEVANCE HANDLING (RULE 3(2)(a)(i)):

Rule 3(2)(a)(i) of the IT Rules requires the Grievance Officer to acknowledge a complaint within twenty-four (24) hours and to resolve it within seven (7) days [VERIFY: citation required, confirm with legal advisor]. The two-hour removal period under Rule 3(2)(b) applies within that framework and is not extended by it.

DUE DILIGENCE AND SAFE HARBOUR (SECTION 79, IT ACT 2000; RULE 7):

The exemption from liability under section 79(1) of the Information Technology Act, 2000 is available only where the intermediary observes due diligence under section 79(2)(c), which includes the IT Rules. Rule 7 of the IT Rules provides that where an intermediary fails to observe the Rules, section 79(1) shall not apply to it, and it shall be liable for punishment under any law for the time being in force [VERIFY: citation required, confirm with legal advisor]. Rule 3(1)(b)(ii) requires the Noticee to make reasonable efforts, by itself and through its users, not to host content that is "invasive of another's privacy including bodily privacy" [VERIFY: citation required, confirm with legal advisor], and Rule 3(1)(n) requires it to respect the rights guaranteed under the Constitution, including Article 21, under which the Supreme Court has recognised the right to privacy (Justice K.S. Puttaswamy (Retd.) v. Union of India, (2017) 10 SCC 1) [VERIFY: citation required, confirm with legal advisor].

OFFENCES THE CONTENT MAY DISCLOSE:

(a) Sections 67 and 67A, Information Technology Act, 2000: publishing or transmitting obscene material, and material containing sexually explicit acts or conduct, in electronic form; on first conviction, imprisonment up to three years and five years respectively, with fine.

(b) Where the content was captured rather than artificially created, section 66E, Information Technology Act, 2000: capturing, publishing, or transmitting the image of a private area of a person without consent, under circumstances violating privacy; imprisonment up to three years, or fine up to two lakh rupees, or both.

(c) Where the content was captured rather than artificially created and the Complainant is a woman, section 77, Bharatiya Nyaya Sanhita, 2023 (voyeurism): watching, capturing, or disseminating the image of a woman engaging in a private act; on first conviction, imprisonment of not less than one year which may extend to three years, with fine. Under Explanation 2, a woman's consent to the capture of an image is not consent to its dissemination.

(d) The Indecent Representation of Women (Prohibition) Act, 1986, which the MeitY NCII SOP names among the laws under which such content is unlawful.

6. BASIS UNDER UNITED STATES LAW

6.1 PRIMARY: TAKE IT DOWN ACT (2025):

This complaint is a valid notification under the TAKE IT DOWN Act, cited by Asmita as 15 U.S.C. Section 6851 [VERIFY: citation required, confirm with legal advisor]. Under that Act a covered platform must remove or disable access to an identified non-consensual intimate visual depiction within FORTY-EIGHT (48) HOURS of a valid notification, whether or not the Complainant holds copyright in it. The Complainant confirms the content is a non-consensual intimate visual depiction of her and that she has not consented to its publication on the Noticee's service.

6.2 SECONDARY (CONDITIONAL): 17 U.S.C. Section 512(c)(3) (DMCA):

To the extent the Complainant holds copyright in the depicted work, this complaint additionally constitutes a takedown notification under the Digital Millennium Copyright Act. The six elements under 17 U.S.C. Section 512(c)(3)(A) are met: (i) electronic signature by Asmita as authorised representative; (ii) and (iii) the copyrighted work and infringing material are identified at paragraph 3; (iv) Asmita at Notice@meriasmita.org is the contact; (v) the Complainant has a good-faith belief, having considered fair use in accordance with Lenz v. Universal Music Corp., 801 F.3d 1126 (9th Cir. 2015), that the use is not authorised; (vi) the information is accurate and the Complainant affirms authority under penalty of perjury. Section 512(f) notice: knowing material misrepresentation may result in damages liability against the filer.

7. DEMAND

The Complainant, through Asmita, calls upon the Noticee to:

(i) REMOVE or DISABLE ACCESS to the content identified at paragraph 3 within TWO (2) HOURS of receipt of this complaint, as Rule 3(2)(b) of the IT Rules requires (the United States period of forty-eight hours is longer and does not extend it);

(ii) ACKNOWLEDGE this complaint within TWENTY-FOUR (24) HOURS, by reply to Notice@meriasmita.org quoting the case reference at paragraph 3;

(iii) TAKE all reasonable steps to prevent the same or substantially similar content from being re-uploaded to the Noticee's service, including by hash matching. Where the Noticee is a significant social media intermediary, the MeitY NCII SOP asks it to deploy crawler and hash technology for this purpose, which the SOP links to Rule 4(4) of the IT Rules, and to communicate the hashes to the Indian Cyber Crime Coordination Centre (I4C) through the Sahyog Portal where onboarded;

(iv) PRESERVE the content's records, upload logs, account information, and associated data, without vitiating the evidence, for at least one hundred and eighty (180) days for investigation purposes, consistent with Rule 3(1)(g) of the IT Rules [VERIFY: citation required, confirm with legal advisor];

(v) WHERE the Noticee operates a search engine, DE-INDEX the content from its search results, as the MeitY NCII SOP requires;

(vi) CONFIRM the action taken to Notice@meriasmita.org, quoting the case reference at paragraph 3.

8. IF THE NOTICEE DOES NOT ACT

If the content is not removed within the period Rule 3(2)(b) prescribes, the Noticee may be treated as having failed to observe the IT Rules, with the consequence under Rule 7 and section 79 described at paragraph 5, and may also be exposed to liability under the United States law cited at paragraph 6. The Complainant may then, without further notice:

(a) appeal to the Grievance Appellate Committee under Rule 3A of the IT Rules, which is open to a person whose grievance is not resolved within the period specified in Rule 3(2)(b), or who is aggrieved by the Grievance Officer's decision, within thirty (30) days of receiving the Grievance Officer's communication [VERIFY: citation required, confirm with legal advisor], at www.gac.gov.in, as the MeitY NCII SOP sets out;

(b) report the content on the National Cybercrime Reporting Portal at cybercrime.gov.in, or by dialling the national cybercrime helpline 1930, as the MeitY NCII SOP sets out, and seek the assistance of a One Stop Centre; and

(c) pursue any criminal, civil, or regulatory remedy available to her under Indian law, including a complaint to the police in respect of the offences listed above.

9. RETURN ADDRESS

Please address all communications about this complaint to Asmita at Notice@meriasmita.org, quoting the case reference at paragraph 3.

10. DECLARATION

The Complainant has executed a digital declaration, voluntarily and without duress, affirming the facts set out in this complaint, confirming that it is made in good faith, and authorising Asmita to issue it on her behalf. The declaration is available for inspection on a verified written request.

This complaint is issued without prejudice to any other right or remedy available to the Complainant under Indian or United States law.

Yours faithfully,

For and on behalf of the Complainant
Asmita (meriasmita.org)

Subject: Request for proactive blocking of non-consensual intimate imagery by perceptual hash - IT Rules 2021 and MeitY NCII SOP v.1 (October 2025) - [Case reference]

Madam / Sir,

This complaint is issued by ASMITA (meriasmita.org), a public-interest service that helps adult survivors in India serve complaints about non-consensual intimate imagery (NCII). Asmita acts on behalf of the Complainant under a signed digital declaration she executed, which Asmita retains in encrypted storage and will make available for inspection by the Noticee's Grievance Officer on a verified written request.

1. PARTIES

1.1 ISSUING PARTY: Asmita (meriasmita.org), acting on behalf of the Complainant.

1.2 COMPLAINANT: The Complainant has declared that she is an adult and has verified her email address with Asmita. She is not named in this complaint, to limit her further exposure, consistent with the Digital Personal Data Protection Act, 2023. Asmita will pass any written request from the Noticee's Grievance Officer for further information to the Complainant, if it is addressed to Notice@meriasmita.org and quotes the case reference below. Her signed declaration expressly covers the perceptual hashes in the Annex to this complaint.

1.3 NOTICEE: [Platform name], an intermediary within the meaning of section 2(1)(w) of the Information Technology Act, 2000 [VERIFY: citation required, confirm with legal advisor] ("the Noticee").

2. CASE REFERENCE

Asmita Case Reference: [Case reference]

Complainant Declaration Reference: [Declaration reference]

3. PURPOSE

The Complainant reports that intimate imagery of her has been shared, or is threatened to be shared, on the Noticee's service without her consent. So that the Noticee can find and block it without the Complainant having to locate and expose each copy, this complaint encloses perceptual hashes of that imagery in the Annex below.

4. THE PERCEPTUAL HASHES

4.1 The hashes were generated on the Complainant's own device with the PDQ perceptual hashing algorithm, published as open source by Meta Platforms, Inc. through its ThreatExchange project.

4.2 Asmita has not received, retrieved, viewed, stored, transmitted, or processed the underlying images. Only the 64-character hexadecimal PDQ hash of each image reached Asmita.

4.3 A perceptual hash is a compact fingerprint that lets automated systems find visually similar images. It is not a copy of the image, but published research has shown that a rough likeness of an image can sometimes be reconstructed from its PDQ hash. Please treat these hashes as sensitive personal data: use them only to detect and block matching content, restrict access to them, and do not publish them or share them except with the Indian Cyber Crime Coordination Centre (I4C) as described below.

4.4 The Complainant's signed declaration confirms that each hash in the Annex was generated from an image in which she appears in an intimate or private context, that the image is not being shared with her free and informed consent, and that this complaint is made in good faith. Each hash was reviewed by an Asmita administrator before this complaint was issued.

5. LEGAL BASIS

5.1 HASH MATCHING AND THE NATIONAL HASH BANK (MeitY NCII SOP v.1): The MeitY NCII Standard Operating Procedure (October 2025), issued pursuant to the order of the Hon'ble Madras High Court dated 15 July 2025 in W.P. No. 25017 of 2025, asks significant social media intermediaries to deploy crawler and hash technology to identify and take down such content and similar content, which the SOP links to Rule 4(4) of the IT Rules; to communicate hashes to I4C through the Sahyog Portal, where onboarded, for the secure NCII hash bank; and asks search engines to de-index such content. This advisory is a request made in line with that guidance.

5.2 CONTENT THAT IS LOCATED (RULE 3(2)(b)): Perceptual matching is approximate, so a match should be confirmed before action. Content confirmed to show the Complainant is, on her declaration, content of the kind described in Rule 3(2)(b) of the IT Rules, which requires an intermediary, on a complaint by the individual or any person on her behalf, to take all reasonable and practicable measures to remove or disable access to it within TWO (2) HOURS. The two-hour period was substituted by the IT (Intermediary Guidelines and Digital Media Ethics Code) Amendment Rules, 2026 (G.S.R. 120(E), in force from 20 February 2026) [VERIFY: citation required, confirm with legal advisor]. Where Asmita or the

Complainant identifies a specific item, Asmita will serve a complaint under Rule 3(2)(b) for it.

5.3 The offences listed in Asmita's complaints under Rule 3(2)(b), namely sections 67 and 67A of the Information Technology Act, 2000, and, where the content was captured rather than artificially created, section 66E of that Act and section 77 of the Bharatiya Nyaya Sanhita, 2023, together with the Indecent Representation of Women (Prohibition) Act, 1986, may apply to content matching these hashes.

6. REQUEST

The Complainant, through Asmita, requests the Noticee to:

(i) SEARCH its service for content matching the hashes in the Annex, as the MeitY NCII SOP asks, and REMOVE or DISABLE ACCESS to any confirmed match as quickly as possible;

(ii) ADD the hashes to its hash-matching or equivalent systems so that matching content is blocked at upload or removed as soon as practicable, as the MeitY NCII SOP asks;

(iii) WHERE onboarded to the Sahyog Portal, COMMUNICATE the hashes to I4C for the NCII hash bank, as the MeitY NCII SOP asks;

(iv) PRESERVE the content's records, upload logs, account information, and associated data, without vitiating the evidence, for at least one hundred and eighty (180) days for investigation purposes, consistent with Rule 3(1)(g) of the IT Rules [VERIFY: citation required, confirm with legal advisor];

(v) WHERE the Noticee operates a search engine, DE-INDEX the content from its search results, as the MeitY NCII SOP requires;

(vi) ACKNOWLEDGE this complaint within TWENTY-FOUR (24) HOURS and CONFIRM the action taken, by reply to Notice@meriasmita.org quoting the case reference at paragraph 2.

7. IF THE NOTICEE DOES NOT ACT

If content located on the Noticee's service is not removed within the period Rule 3(2)(b) prescribes, the Noticee may be treated as having failed to observe the IT Rules. Rule 7 of the IT Rules provides that an intermediary which fails to observe the Rules loses the exemption in section 79(1) of the Information Technology Act, 2000, and is liable for punishment under any law for the time being in force [VERIFY: citation required, confirm with legal advisor]. The Complainant may then, without further notice:

(a) appeal to the Grievance Appellate Committee under Rule 3A of the IT Rules, which is open to a person whose grievance is not resolved within the period specified in Rule 3(2)(b), or who is aggrieved by the Grievance Officer's decision, within thirty (30) days of receiving the Grievance Officer's communication [VERIFY: citation required, confirm with legal advisor], at www.gac.gov.in, as the MeitY NCII SOP sets out;

(b) report the content on the National Cybercrime Reporting Portal at cybercrime.gov.in, or by dialling the national cybercrime helpline 1930, as the MeitY NCII SOP sets out, and seek the assistance of a One Stop Centre; and

(c) pursue any criminal, civil, or regulatory remedy available to her under Indian law, including a complaint to the police in respect of the offences listed above.

8. RETURN ADDRESS

Please address all communications about this complaint to Asmita at Notice@meriasmita.org, quoting the case reference at paragraph 2.

9. DECLARATION

The Complainant has executed a digital declaration, voluntarily and without duress, affirming the facts set out in this complaint, expressly covering the perceptual hashes in the Annex, and authorising Asmita to issue it on her behalf. The declaration is available for inspection on a verified written request.

This complaint is issued without prejudice to any other right or remedy available to the Complainant under Indian law.

Yours faithfully,

For and on behalf of the Complainant
Asmita (meriasmita.org)

To: The Grievance Officer / Resident Grievance Officer, [Platform name]

Subject: Follow-up: no confirmation of removal under Rule 3(2)(b) of the IT Rules, 2021 - [Case reference]

Madam / Sir,

1. On [Date and time the complaint was served], Asmita (meriasmita.org) served on [Platform name], at this address and on behalf of the Complainant, the complaint set out below (Asmita Case Reference [Case reference]; content hosted on [Reported URL]).

2. Rule 3(2)(b) of the Information Technology (Intermediary Guidelines and Digital Media Ethics Code) Rules, 2021, as amended in 2026, required [Platform name] to take all reasonable and practicable measures to remove or disable access to the content within TWO (2) HOURS of receipt of that complaint. Rule 3(2)(a)(i) required it to be acknowledged within TWENTY-FOUR (24) HOURS [VERIFY: citation required, confirm with legal advisor]. Asmita has not received an acknowledgement or a confirmation of removal.

3. If [Platform name] has already removed or disabled access to the content, please confirm it by reply to Notice@meriasmita.org quoting the case reference, and no further action is needed on this follow-up.

4. If it has not, the Complainant, through Asmita, calls upon [Platform name] to remove or disable access to the content IMMEDIATELY, and to act on each of the other requests in the complaint below.

5. The period in Rule 3(2)(b) has passed. The Complainant may now appeal to the Grievance Appellate Committee under Rule 3A of the IT Rules at www.gac.gov.in, and report the content on the National Cybercrime Reporting Portal at cybercrime.gov.in or by dialling 1930, as the MeitY NCII SOP (October 2025) sets out. This follow-up does not waive or delay any of those steps, or any other right or remedy available to her.

6. The text of that complaint is set out again below for reference. The signed copy, which identifies the content in full, was attached to the complaint when it was served. This covering letter is issued by Asmita and does not add to or alter the complaint.

Yours faithfully,

For and on behalf of the Complainant
Asmita (meriasmita.org)
Notice@meriasmita.org

TEXT OF THE COMPLAINT SERVED ON [Date and time the complaint was served]

[The text of the original complaint, from its own reviewed template, follows here unchanged.]

Authorities relied on

- IT Rules 2021, Rule 3(2)(b) - removal within 2 hours (Amendment Rules 2026, G.S.R. 120(E))
- IT Rules 2021, Rule 3(2)(a)(i) - acknowledge within 24 hours
- IT Rules 2021, Rule 3A - Grievance Appellate Committee (www.gac.gov.in per the SOP)
- MeitY NCII SOP v.1 (October 2025) - GAC, NCRP, 1930

TEMPLATE 6 OF 6 | FIR_PACKAGE

Survivor's written complaint to the police

Given to the survivor to complete, sign and file herself. Asmita never files it for her. Not yet shown in the app.

Subject line: Complaint for registration of an FIR: non-consensual sharing of my intimate images - Asmita case [Case reference]

To,
The Station House Officer,

[Name of police station or Cyber Crime Police Station], *[District]*, *[State]*

Date: *[date]*

Subject: Complaint for registration of an FIR: non-consensual sharing of my intimate images - Asmita case [Case reference]

Madam / Sir,

1. I, *[your full name]*, aged *[age]* years, residing at *[your address]*, submit this complaint for registration of a First Information Report.

2. Intimate images or videos of me have been shared online without my consent. *[In your own words, briefly: what the content is, without describing it in detail; when you first learnt it was online; and, if you know, who shared it and how they had it.]*

3. The content is, or was, available at: [Reported URL] on [Platform name]. *[Add any other links on separate lines.]*

4. On *[date the notice was sent]*, I complained to [Platform name] through Asmita (meriasmita.org) under Rule 3(2)(b) of the Information Technology (Intermediary Guidelines and Digital Media Ethics Code) Rules, 2021, which requires a platform to remove such content within two hours of a complaint. *[State whether the content has been removed, and any reply the platform sent.]* My Asmita case reference is [Case reference].

5. I believe these facts disclose cognizable offences, which may include offences under sections 67 and 67A of the Information Technology Act, 2000, and, where the content was captured rather than artificially created, section 66E of that Act and section 77 (voyeurism) of the Bharatiya Nyaya Sanhita, 2023, and any other provision the police find applicable.

6. I request you to:

   (a) register an FIR on this complaint and give me a free copy of it (section 173, Bharatiya Nagarik Suraksha Sanhita, 2023) [VERIFY: citation required, confirm with legal advisor];

   (b) have my information recorded by a woman police officer, as the proviso to section 173(1) of the Bharatiya Nagarik Suraksha Sanhita, 2023 provides for this offence [VERIFY: citation required, confirm with legal advisor];

   (c) direct [Platform name] to preserve the records relating to this content and the account that shared it, and obtain them for the investigation; and

(d) take steps to have the content removed and blocked, including through the National Cybercrime Reporting Portal.

7. I am attaching: *[list, for example: screenshots showing the link and account name, not the intimate content itself; a copy of Asmita's notice; any messages or threats received]*. I will provide anything further the investigation needs.

8. I request that the FIR be registered at this police station irrespective of where the offence was committed (section 173(1), Bharatiya Nagarik Suraksha Sanhita, 2023) [VERIFY: citation required, confirm with legal advisor].

I declare that the facts stated above are true to the best of my knowledge and belief.

[Your signature]

[Your full name]

[Your contact details]

[Note for you, not part of the complaint: if the police refuse to record your information, you can send this complaint in writing or by post to the Superintendent of Police (section 173(4), Bharatiya Nagarik Suraksha Sanhita, 2023) [VERIFY: citation required, confirm with legal advisor], and you can also report on cybercrime.gov.in or by dialling 1930.]

[DRAFT - PENDING LEGAL REVIEW - DO NOT DISPATCH]

Authorities relied on

- IT Act 2000, s.66E, s.67, s.67A
- BNS 2023, s.77 - voyeurism
- IT Rules 2021, Rule 3(2)(b) - removal within 2 hours
- BNSS 2023, s.173(1) and proviso (any area; woman officer), s.173(2) (free copy), s.173(4) (Superintendent of Police)
- MeitY NCII SOP v.1 (October 2025) - NCRP and law enforcement channels

Reviewer checklist

☐ Read each template in full. Does it say what Asmita should say to a platform, or to the police?

☐ Every VERIFY item: confirmed against the Gazette or India Code, or struck.

☐ Rule 3(2)(b): the two-hour period and the words "prima facie" and "all reasonable and practicable measures" are right as of the date of review.

☐ Facts about the Complainant: only that she declared she is an adult and verified her email address. Nothing that Asmita does not hold.

☐ Hash advisory: the search request rests on the SOP, not on Rule 3(2)(b).

☐ Police complaint: BNSS section 173 points (any area, woman officer, free copy, Superintendent of Police) are right.

☐ United States notice and the United States part of the joint notice: checked by a United States practitioner (memo item 6).

☐ The twelve decisions in the memo are answered.

☐ Only then: record the review in production (reviewedByLegal, reviewedByName, reviewedAt) for each template, and set ESCALATION_DRAFTS_REVIEWED for the survivor's copyable wording.

What this pack does not do

- It does not decide strategy. It follows the route Asmita uses: a complaint under Rule 3(2)(b), then the Grievance Appellate Committee and the National Cybercrime Reporting Portal.
- It does not verify its own legal statements. Every one is a proposition for the reviewer to confirm.
- It does not send anything. The app refuses to send a template until it is marked as legally reviewed.

Before any of this leaves Asmita

Sending a notice to a platform, or handing a police complaint to a survivor, has legal consequences for her. An advocate reviews, edits and approves each template first, and only then is the draft marker removed. This is AI-generated legal information based on Indian law, not legal advice. Recent amendments or judicial developments may not be reflected. The POCSO protocol applies separately for minors; no template here may be used for a minor.
